Ask your friends to sign the FairTax[SM] petition now, in support of HR 25 and S 25!

I urge my congressman and senators to co-sponsor the FairTax legislation repealing the current U.S. income and Social Security tax systems and replacing them with the FairTax – a federal, retail sales tax charged only on new goods and services.

Since *the current U.S. income tax code is directly responsible for exporting our jobs but not our products, and is unfair, complex, wasteful, confusing, intrusive and costly;*

Since *the Internal Revenue Service is acknowledged to be deeply flawed, mismanaged, and has victimized many innocent taxpayers, specifically targeting America's working poor;*

Since *the current Social Security/Medicare payroll deduction system is a very regressive tax, placing a heavy burden on low/middle-income taxpayers and a similar burden on the self-employed;*

Since *the American people deserve a tax system that: Closes all loopholes; enables workers to keep their entire paycheck and retirees to keep their entire pension; frees individuals from ever filing a tax return again; abolishes the IRS and ends all audits of individual taxpayers; eliminates all hidden federal taxes; brings accountability to tax policy; lets American-made products compete fairly at home and overseas; allows every family to buy the basic necessities tax-free.*

Therefore, I do hereby fully support and encourage every member of Congress, especially my own, to support and co-sponsor HR 25/S 25 that repeals the current tax code, abolishes the IRS, and replaces it with the FairTax, a simple, single-rate, national retail sales tax, administered uniformly to all eligible American consumers. I also ask my members of Congress to co-sponsor House Joint Resolution (HJR) 16 for the repeal of the 16th Amendment.
